R programming

Python

C programming

INTERESTS

Reading

Painting

Travelling

Gaming

Coding

learning languages

Megha Roshan

Software Developer

Innovative, forward-thinking learner interested in Software development, Data Analytics and Deep learning.

EDUCATION

BTech in Computer Science and Engineering

VIT, Vellore

06/2016 – Present

9.18 CGPA

12th Grade

Maharishi Vidya Mandir, Bhopal

2014 – 2015

86%

WORK EXPERIENCE

Software developer

HashedIn Technologies

02/2020 – Present

Bangalore

Skills

▣ Reactjs | Flask | Kotlin | Django | AWS

Big data analytics and Machine learning intern

National University of Singapore

12/2018 – 01/2019

Singapore

Skills

▣ Machine learning | Computer vision | Reinforcement learning

Big data analytics using hadoop

Hewlett Packard Enterprise

12/2018 – 01/2019

Singapore

Skills

▣ MapReduce | HDFS | Linode | Ambari

Intern

TakenMind Analytics

05/2019 – 06/2019

Achievements/Tasks

▣ Data visualization and analytics

PERSONAL PROJECTS

HungerBot - Reactjs, JavaScript, Flask, Python

SplitBill Webapp - Kotlin, JQuery, Ebeans

Image segmentation of MRI images using CNN

Sound Emotion Recognition- LSTM, Seq2Seq model, Attention model

Driver distraction Detection - KNN, SVM, CNN(from scratch), VGG16, LSTM

ACHIEVEMENTS

Merit Scholarship holder in VITEEE

Volunteer at Youth Red Cross
